Through our platform, you have the option of engaging us to provide advice on appropriate asset allocation given your appetite for risk, as well as your ethical preferences, or otherwise choosing to allocate your assets across portfolios yourself.

Where you engage us to advise, we will ask you to complete an online questionnaire, so we understand enough about you to provide the advice. The website will then generate a Statement of Advice, which you can save or print so you can read it at your leisure. The Statement of Advice will explain the basis for our advice, the risks associated with the advice, the cost to you of implementing the advice, the benefits we receive and any conflicts of interest which may influence the advice.

We will also provide you with a Product Disclosure Statement. This contains information to help you understand the product.

We do not advise you on the suitability of the separately managed account service for your circumstances. However, you can, if you wish, separately engage us to advise you on this and other issues.

At all times you are able to contact us and ask questions about the advice and investments recommended.

You can provide instructions to us via the website, but also in writing, via phone or via email/fax. Please note you are responsible for ensuring your instructions do however reach us.

## **Fees**

We do not charge you a fee for the asset allocation advice we provide through the website.

We can charge a fee for additional advice outside of the above, however this will be confirmed with you before any advice is prepared or delivered.

If you decide to invest in our SMA service through the website, we do charge an Investment Management fee of 0.64% (Incl. GST) per annum multiplied by your investment balance.
